REMARKS

Reconsideration is respectfully requested.

Claims 1-16 are pending in this application of which claims 2, 4 and 11 have been amended.

In the Office Action dated February 8, 2001, the Examiner objects to the drawings under 37 CFR §1.83(a). In response, applicants submit new drawing figures 3-8 herewith. Support for these drawings is found in the claims as filed and therefore the drawings do not comprise new matter. Thus, according to the requirements of the Examiner, the corrected drawings show the variants of the invention realization according to dependent claims of the invention. The specification is amended to include
